

Safety Data Sheet

1. IDENTIFICATION

Product Identifier

Product Name: Blitz® Brass Shine™ Tarnish Eater Cloth

Manufacturer Part Number (Item Number): 109

Product Description: Consumer brass and copper cleaning and polishing cloth; moist, treated 100% cotton flannel supplied ready for use

Revision Information

Revision: 9

Date: April 21, 2026

Prepared By: RRS

Recommended Use and Restrictions on Use

Recommended Use: Cleaning, polishing, and tarnish removal for brass and copper items in accordance with product label instructions.

Restrictions on Use: For consumer household use only. Not intended for industrial, institutional, or unintended applications.

Manufacturer Information

Manufacturer: Blitz Manufacturing Corporation

Address: 263 America Place

Jeffersonville, IN 47130 USA

Contact Information

Information (Monday–Friday, normal business hours)

Phone: 1-812-284-2548

Fax: 1-812-288-7766

Emergency Contact

24-Hour Emergency: Local Poison Control Center

(U.S. Poison Control: 1-800-222-1222)

2. HAZARDS IDENTIFICATION

Classification of the Substance or Mixture

This product is not classified as hazardous under the OSHA Hazard Communication Standard (29 CFR 1910.1200). The product is a moist, treated solid consumer article intended for household use.

GHS Label Elements

Hazard pictograms: None required

Signal word: None

Hazard statements: None required

Product: #109, Blitz Brass Care Cloth

Precautionary Statements

Keep out of reach of children.

Avoid contact with eyes.

Read and follow all label instructions before use.

Other Hazards

This product is supplied as a moist polishing cloth. Accidental misuse, including placement in the mouth or chewing of the cloth or its packaging, may present a choking hazard, particularly for infants, children, or pets. The product is not intended for ingestion.

California Proposition 65

This product does not contain chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm based on current information.

Additional Hazard Information

No additional hazards are identified based on current knowledge of the product, its composition, and intended consumer use.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Characterization

Treated solid article. Moist polishing cloth consisting of a 100% cotton flannel substrate impregnated with proprietary, non-hazardous cleaning and polishing agents. Water is present as a moisture carrier bound to the cloth fibers. No free liquid is present in the finished consumer product.

Hazardous Ingredients

None.

Non-Hazardous Components

The cloth is treated with a proprietary blend of non-hazardous cleaning and polishing agents supplied by qualified vendors. Specific chemical identities, concentrations, and formulation details are withheld as trade secrets in accordance with 29 CFR 1910.1200. No components are classified as hazardous under applicable U.S. regulations.

Additional Information

The treating solution used during manufacture is mildly acidic; however, after impregnation the components are bound to the cloth fibers and do not present a hazardous exposure during normal consumer use. The product is supplied as a moist, treated solid article.

4. FIRST AID MEASURES

Description of First Aid Measures

Eye Contact:

If residue from the cloth or contact with the cloth causes eye irritation, rinse cautiously with clean water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing until irritation subsides. Seek medical advice if irritation persists.

Skin Contact:

No special first aid measures are required. Wash skin with water if desired. If irritation develops or persists, discontinue use and seek medical advice.

Inhalation:

Not applicable. The product is a moist, solid polishing cloth and is not capable of generating inhalable vapors or dust under normal consumer use.

Product: #109, Blitz Brass Care Cloth

Ingestion:

Accidental ingestion is unlikely due to the nature of the product. If the cloth or packaging components are placed in the mouth or swallowed, seek medical attention, especially in the case of infants, children, or pets.

Most Important Symptoms and Effects, Both Acute and Delayed

No significant adverse health effects are expected under normal conditions of consumer use. Mechanical irritation of the eyes may occur if misused.

Indication of Immediate Medical Attention and Special Treatment Needed

Treat symptomatically. No special treatment is required.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media

Use extinguishing media appropriate for the surrounding fire conditions, including water spray, dry chemical, foam, or carbon dioxide.

Unsuitable Extinguishing Media

None known.

Specific Hazards Arising from the Product

This product is a moist, treated cotton polishing cloth and is not flammable under normal conditions of use. No unusual fire or explosion hazards are expected. Combustion of the cloth or packaging materials in a fire may produce carbon dioxide, carbon monoxide, and other typical combustion products.

Special Protective Equipment and Precautions for Firefighters

Firefighters should wear standard protective equipment appropriate for fires involving ordinary combustible materials. No special protective measures are required specific to this product.

Hazardous Combustion Products

Combustion of the cloth or packaging materials may produce carbon dioxide, carbon monoxide, and water vapor (steam).

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures

Not applicable. This product is a moist, treated solid consumer article. No special emergency procedures are required.

Environmental Precautions

No special environmental precautions are necessary under normal consumer use. Do not discard used cloths into the environment.

Methods and Materials for Containment and Cleanup

Not applicable. If a cloth is discarded or damaged, dispose of it in normal household trash in accordance with local regulations. Packaging materials may be recyclable depending on local recycling programs.

7. HANDLING AND STORAGE

Precautions for Safe Handling

Use the product as directed on the label. Avoid contact with eyes. Do not ingest. Wash hands after use if desired. Keep out of reach of children.

Conditions for Safe Storage, Including Any Incompatibilities

Store in a cool, dry place. Keep cloth inside its sealed packaging or bag when not in use to maintain moisture. Keep out of reach of children. No incompatible materials are known under normal consumer storage conditions.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Control Parameters

No occupational exposure limits have been established for this product or its components.

Personal Protective Equipment

No special protective equipment are required for normal consumer use.

Eye Protection: Not normally required.

Skin Protection: Not required under normal use.

Respiratory Protection: Not applicable. The product is a moist, solid cloth and does not generate vapors or dust.

General Hygiene Considerations

Normal personal hygiene practices are recommended. Wash hands with water after use if desired.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance

Moist, treated 100% cotton flannel polishing cloth supplied with a foil pouch for reuse, a paper instruction and cautions sheet and enclosed in a polyethylene polybag.

Physical State: Solid (moist treated cloth).

Odor: None or mild.

pH: Not applicable. The product is a treated solid article.

Specific gravity: not applicable.

Melting / Freezing Point: Not applicable.

Flammability (Solid, Gas): Not classified as flammable.

Solubility: Not applicable. Components are bound to the cloth fibers.

10. STABILITY AND REACTIVITY

Reactivity: No hazardous reactions are expected under normal conditions of use.

Chemical Stability: Stable under normal consumer storage and use conditions.

Possibility of Hazardous Reactions: No hazardous reactions are known.

Conditions to Avoid: No special conditions to avoid. Do not wash, soak, or wring out the cloth, as this may remove the active polishing components and reduce product effectiveness.

Incompatible Materials: No incompatible materials are known under normal consumer use. Excess dilution renders product less useful.

Product: #109, Blitz Brass Care Cloth

Hazardous Decomposition Products: None known.

11. TOXICOLOGICAL INFORMATION

Information on Likely Routes of Exposure

Eye contact and skin contact.

Symptoms Related to the Physical, Chemical, and Toxicological Characteristics

No known adverse health effects are expected under normal conditions of consumer use. Mechanical eye irritation may occur if the cloth or residue is rubbed directly into the eyes.

Acute Toxicity

No toxicological testing data have been generated for this product. The product is considered non-toxic under normal conditions of use.

Skin Corrosion / Irritation

Not expected to cause irritation.

Serious Eye Damage / Irritation

Not expected to cause serious eye damage. Mild mechanical irritation may occur if misused.

Respiratory or Skin Sensitization

Not expected to cause sensitization.

Chronic Effects

No known chronic health effects.

Carcinogenicity

No components are listed as carcinogenic by OSHA, IARC, or NTP based on current information.

12. ECOLOGICAL INFORMATION

Ecotoxicity

No ecological toxicity data have been generated for this product. Based on its composition, bound state, and intended consumer use, the product is not expected to present environmental hazards when used and disposed of properly.

Persistence and Degradability

The cotton cloth substrate is not readily biodegradable when treated and may persist in the environment. The proprietary cleaning and polishing agents are present only in small amounts and are bound to the cloth fibers. Packaging materials may be recyclable depending on local recycling programs.

Bioaccumulative Potential

Not expected to bioaccumulate.

Mobility in Soil

Not applicable. The product is a treated solid article.

Other Adverse Effects

No other adverse environmental effects are known when the product is used as intended and disposed of responsibly.

13. DISPOSAL CONSIDERATIONS

Dispose of used or unused polishing cloths in accordance with local, regional, and national regulations. Do not discard cloths into the environment. Disposal in normal household trash is appropriate. Packaging materials may be recyclable depending on local recycling programs.

14. TRANSPORT INFORMATION

UN Number

Not regulated.

UN Proper Shipping Name

Not regulated.

Transport Hazard Class(es)

Not regulated.

Packing Group

Not applicable.

Environmental Hazards

Not applicable.

Special Precautions for Transport

No special precautions are required. The product is not regulated as a hazardous material for transport by U.S. DOT, IATA, IMDG, or other applicable transport regulations.

Harmonized Tariff Schedule (HS) Code

6307.10.1090

15. REGULATORY INFORMATION

This product is not classified as hazardous under the OSHA Hazard Communication Standard (29 CFR 1910.1200). All components are either non-hazardous or present in a bound form that does not result in hazard classification under normal consumer use.

This product does not contain chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm based on current information (California Proposition 65).

16. OTHER INFORMATION

Refer to the product label for instructions, cautions, and directions for use. This Safety Data Sheet has been prepared in accordance with the OSHA Hazard Communication Standard and reflects the best information available at the time of preparation. The information provided relates only to the specific product designated and is not valid for use in combination with other materials or in processes other than those specified.
