

## Safety Data Sheet

### 1. IDENTIFICATION

#### Product Identifier

Product Name: Blitz® Gem & Jewelry Cleaner

Product Description: Consumer jewelry cleaning product supplied with a ½-ounce sealed internal packet

Manufacturer Part Number (Item Number): 656

Recommended Use: Intended for cleaning jewelry items in accordance with product label instructions. The internal packet is to be used as directed. Not intended for industrial or unintended uses.

#### Manufacturer Information

Manufacturer: Blitz Manufacturing Corporation

Address: 263 America Place

Jeffersonville, IN 47130 USA

#### Contact Information

Phone: 1-812-284-2548

Fax: 1-812-288-7766

#### Emergency Contact

24-Hour Emergency: Local Poison Control Center

(U.S. Poison Control: 1-800-222-1222)

#### Revision Information

Revision: 8

Date: April 20 2026

Prepared By: RRS

### 2. HAZARDS IDENTIFICATION

This product is not classified as hazardous under the OSHA Hazard Communication Standard (29 CFR 1910.1200).

#### GHS Label Elements

Hazard pictograms: None

Signal word: None

Hazard statements: None required

#### Precautionary Statements

Keep out of reach of children.

Read and follow all label instructions.

If swallowed, drink water to dilute.

If medical advice is needed, have product container or label available.

## Item 656, Blitz Gem and Jewelry Cleaner with ½ Ounce Packet

### Additional Hazard Information

This product includes small plastic packaging components and a sealed internal packet. Small parts may present a choking hazard if ingested by infants, children, pets, or other unintended users.

### California Proposition 65

This product does not contain ingredients listed under California Proposition 65 as of June 3, 2025.

### Other Hazards

No additional hazards are identified based on current information and intended consumer use.

## 3. COMPOSITION / INFORMATION ON INGREDIENTS

### Chemical Characterization

Mixture

### Hazardous Ingredients

None.

### Non-Hazardous Components

Water CAS No. 7732-18-5

### Surfactant system

Nonionic surfactant component present in a sealed internal packet only

Concentration in finished consumer use solution: proprietary

### Additional Information

The active surfactant component is present in a measured internal packet intended to be diluted during use according to label directions. When used as directed, the resulting concentration of the surfactant in the cleaning solution is low and does not result in hazard classification under applicable regulations.

Specific formulation details and surfactant concentration are withheld as trade secrets in accordance with 29 CFR 1910.1200.

## 4. FIRST AID MEASURES

### Description of First Aid Measures

#### Eye Contact:

If product enters eyes, rinse cautiously with clean water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Seek medical advice if irritation persists.

#### Skin Contact:

No special first aid measures are required. Wash with water if desired. If irritation develops, discontinue use.

#### Inhalation:

Not expected to present an inhalation hazard under normal consumer use. No special measures are required.

#### Ingestion:

Not intended for ingestion. If swallowed, drink water to dilute. Do not induce vomiting. Contact a physician or poison control center if discomfort occurs. Keep out of reach of children. This product includes small plastic components that may present a choking hazard.

## Item 656, Blitz Gem and Jewelry Cleaner with ½ Ounce Packet

### Most Important Symptoms and Effects, Both Acute and Delayed

No significant adverse effects are expected under normal conditions of use.

### Indication of Immediate Medical Attention and Special Treatment Needed

Treat symptomatically. No special treatment required.

## 5. FIRE FIGHTING MEASURES

### Suitable Extinguishing Media

Use extinguishing media appropriate for surrounding fire conditions.

### Unsuitable Extinguishing Media

None known.

### Specific Hazards Arising from the Product

The product is water-based and non-combustible. There are no unusual fire or explosion hazards associated with the product.

### Special Protective Equipment and Precautions for Firefighters

No special protective equipment is required beyond that normally used for firefighting involving ordinary combustible materials.

### Hazardous Combustion Products

Combustion of packaging materials may produce carbon dioxide, carbon monoxide, and water vapor (steam).

## 6. ACCIDENTAL RELEASE MEASURES

### Personal Precautions, Protective Equipment, and Emergency Procedures

Avoid contact with spilled material. Spilled liquid may create slippery surfaces.

### Environmental Precautions

Large spills should be prevented from entering the environment.

### Methods and Materials for Containment and Cleanup

Absorb spilled liquid using towels, paper towels, or other suitable absorbent material. Dispose of collected material in accordance with local regulations. Residual liquid may be wiped up and the area washed with water. Packaging materials may be recyclable depending on local recycling programs.

## 7. HANDLING AND STORAGE

### Precautions for Safe Handling

Use product as directed on the label. Avoid contact with eyes. Do not ingest. Keep out of reach of children. The product contains small plastic components that may present a choking hazard if ingested.

### Conditions for Safe Storage, Including Any Incompatibilities

Store in a cool, dry place. Keep container closed when not in use. Protect from freezing. If product freezes, allow it to thaw completely before use.

## 8. EXPOSURE CONTROL AND PERSONAL PROTECTION

### Exposure Limits

No occupational exposure limits have been established for this product or its components.

### Personal Protective Equipment

Eye Protection: Not normally required.

Skin Protection: Not required.

Respiratory Protection: Not required.

### General Hygiene Considerations

Wash hands after handling. Use in accordance with label directions.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Appearance:

Clear, transparent liquid supplied in a sealed internal packet for consumer dilution

### Odor:

Mild, soap-like odor, if any

### Odor Threshold:

Not determined

### pH:

Not determined for the packet in concentrated form

### Melting / Freezing Point:

Less than 32 °F (0 °C), dependent on formulation

### Initial Boiling Point and Boiling Range:

Greater than 212 °F (100 °C)

### Flash Point:

Not applicable (water-based, non-flammable)

### Evaporation Rate:

Not determined

### Flammability (solid, gas):

Not applicable

### Vapor Pressure:

Not determined

### Vapor Density:

Not determined

### Relative Density (Specific Gravity):

Approximately 1.0 (liquid contents of the internal packet)

### Solubility:

Completely miscible with water when used as directed

### Viscosity:

Similar to water

## 10. STABILITY AND REACTIVITY

## Item 656, Blitz Gem and Jewelry Cleaner with ½ Ounce Packet

### Reactivity

No hazardous reactions are expected under normal conditions of use.

### Chemical Stability

Stable under normal conditions of storage and use.

### Possibility of Hazardous Reactions

No hazardous reactions are known.

### Conditions to Avoid

Avoid excessive heat and freezing. If the product freezes, allow it to thaw completely and shake before use. The diluted product may foam when agitated.

### Incompatible Materials

Do not mix with other chemicals or cleaning products.

### Hazardous Decomposition Products

No hazardous decomposition products are known.

## 11. TOXICOLOGICAL INFORMATION

### Information on Likely Routes of Exposure

Eye contact, skin contact, and ingestion.

### Symptoms Related to the Physical, Chemical and Toxicological Characteristics

No known acute or chronic health effects are expected under normal consumer use.

### Acute Toxicity

No toxicological data have been generated for this material. The product is not classified as toxic.

### Skin Corrosion / Irritation

Not expected to cause irritation under normal use.

### Serious Eye Damage / Irritation

Not expected to cause eye damage. Mild irritation may occur in sensitive individuals.

### Respiratory or Skin Sensitization

No sensitization effects are known.

### Chronic Effects

No known chronic health effects.

### Carcinogenicity

No components are listed as carcinogenic by OSHA, IARC, or NTP.

## 12. ECOLOGICAL INFORMATION

### Ecotoxicity

No ecological data are available for this product. It is not expected to present environmental hazards when used as directed.

### Persistence and Degradability

No data available.

### Bioaccumulative Potential

Not expected to bioaccumulate.

### Mobility in Soil

No data available.

Item 656, Blitz Gem and Jewelry Cleaner with ½ Ounce Packet

#### Other Adverse Effects

No other adverse environmental effects are known. Use according to instructions and dispose of responsibly.

### 13. DISPOSAL CONSIDERATIONS

Dispose of contents and container in accordance with local, regional, and national regulations. Do not dispose of product into the environment. Packaging components may be recyclable depending on local recycling programs.

### 14. TRANSPORT INFORMATION

UN Number

Not regulated.

UN Proper Shipping Name

Not regulated.

Transport Hazard Class(es)

Not regulated.

Packing Group

Not regulated.

Environmental Hazards

Not applicable.

Special Precautions for Transport

No special precautions are required.

Harmonized System (HS) Code

3402.20.0000

### 15. REGULATORY INFORMATION

This product is not regulated as a hazardous chemical under applicable U.S. federal regulations, including the OSHA Hazard Communication Standard (29 CFR 1910.1200).

This product does not contain chemicals known to the State of California to cause cancer or reproductive toxicity as of June 3, 2025.

### 16. OTHER INFORMATION

Refer to the product label for instructions, cautions, and directions for use. This Safety Data Sheet has been prepared in accordance with current OSHA Hazard Communication Standard requirements and reflects the best information available at the time of preparation.

This SDS is intended for consumer safety and informational purposes and does not replace professional or industrial hazard assessments.
