Revision: 5

Date: April 20, 2026

Prepared by: RRS

2. HAZARDS IDENTIFICATION

Classification of the Substance or Mixture

This product is not classified as hazardous under the OSHA Hazard Communication Standard (29 CFR 1910.1200).

GHS Label Elements

Hazard pictograms: None required

Signal word: None

Hazard statements: None required

Precautionary Statements

Keep out of reach of children.

Avoid contact with eyes.

Use as directed on the product label.

Other Hazards

This product is supplied as dry polishing cloths. Accidental misuse, including placement in the mouth or chewing of the cloth or its packaging, may present a choking hazard, particularly for infants or young children.

California Proposition 65

This product does not contain chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm as of the date of preparation.

Additional Hazard Information

No additional hazards are identified based on current knowledge of the product and its intended consumer use.

3. COMPOSITION / INFORMATION ON INGREDIENTS

Chemical Characterization:

Treated solid article.

Hazardous Ingredients:

None.

Non-Hazardous Components:

The product consists of dry polishing cloths made from a 100% cotton flannel substrate treated with proprietary, non-hazardous cleaning and polishing agents. The active treatment applied to the cloth is a non-hazardous proprietary composition.

Additional Information:

This product is supplied as multiple dry polishing cloths. The number, size, and packaging configuration may vary by retail presentation. Specific chemical identities and concentrations of the non-hazardous treatment applied to the cloth are withheld as trade secrets in accordance with 29 CFR 1910.1200. No ingredients are classified as hazardous under applicable U.S. regulations.

4. FIRST AID MEASURES

Description of First Aid Measures

Eye Contact:

If residue from the cloth or contact with the cloth causes eye irritation, flush eyes gently with clean water for several minutes. Remove contact lenses if present and easy to do. If irritation persists, seek medical advice.

Skin Contact:

Wash affected skin with water. Use a mild soap if desired. If skin irritation develops or persists, discontinue use and seek medical advice.

Inhalation:

Not applicable. The product is a solid polishing cloth and does not generate inhalable dusts or vapors under normal conditions of use. If small packaging components cause airway obstruction, seek emergency medical attention.

Ingestion:

Not intended for ingestion. Accidental ingestion is unlikely due to the nature of the product. If the cloth or packaging components are ingested, seek medical attention, especially if an infant or child is involved.

Most Important Symptoms and Effects, Both Acute and Delayed:

No significant adverse health effects are expected under normal conditions of use. Mechanical eye or skin irritation may occur if misused.

Indication of Immediate Medical Attention and Special Treatment Needed:

Treat symptomatically. No special treatment is required.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media:

Use extinguishing media appropriate for surrounding fire conditions.

Unsuitable Extinguishing Media:

None known.

Specific Hazards Arising from the Product:

This product is a solid polishing cloth and is not flammable under normal conditions of use. Any treatment applied to the cloth is non-flammable. Packaging and cloth materials may burn if exposed to fire.

Special Fire-Fighting Procedures:

Fire-fighting should be conducted as appropriate for ordinary combustible materials such as cloth or plastic packaging.

Hazardous Combustion Products:

Combustion of cloth or packaging materials may produce carbon dioxide, carbon monoxide, and water vapor (steam).

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures:

Not applicable. This product is a solid consumer article. No special emergency procedures or personal protective equipment are required.

Environmental Precautions:

No special environmental precautions are necessary. Do not intentionally discard used cloths or packaging into the environment.

Methods and Materials for Containment and Cleanup:

Not applicable. Dispose of used or unused cloths in a sanitary manner in accordance with local regulations. Packaging materials may be recyclable depending on local recycling programs.

7. HANDLING AND STORAGE

8. HANDLING AND STORAGE

Handling:

Use as directed. Avoid contact with eyes. Dispose of cloth after use. Keep product and any small packaging components out of reach of children.

Storage:

Store in a cool, dry place. Keep container closed when not in use. Keep out of reach of children. Container may include small parts.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure Limits:

No occupational exposure limits have been established for this product or its components.

Engineering Controls:

None required for normal consumer use.

Personal Protective Equipment:

Eye Protection: Not normally required.

Skin Protection: Not required. Gloves may be worn if desired.

General Hygiene Considerations:

During normal use, dark residue may be observed on the cloth or hands as tarnish and polish residue are removed from metal surfaces. Wash hands with water after use to remove residue.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Dry, treated polishing cloths.

Physical State: Solid (treated cloth).

Odor: None.

pH: Not applicable.

Solubility in Water:

Not applicable. Washing the cloth is not recommended, as it will remove the active treatment.

Volatile Organic Compounds (VOCs): None.

10. STABILITY AND REACTIVITY

Reactivity:

No hazardous reactions are expected under normal conditions of use.

Chemical Stability:

Stable under normal storage and use conditions.

Possibility of Hazardous Reactions:

No hazardous reactions are known.

Conditions to Avoid:

No special conditions to avoid. Do not wash, boil, or chemically treat the cloth, as this will remove the active polishing treatment.

Incompatible Materials:

Do not combine with other chemical cleaners or treatments.

Hazardous Decomposition Products:

None known.

11. TOXICOLOGICAL INFORMATION

No toxicological testing data have been generated for this product. Based on ingredient characteristics and intended consumer use, the product is considered non-toxic and non-hazardous.

Routes of Exposure:

Skin and eye contact.

Acute Effects:

No known acute health effects under normal conditions of use. Mild irritation may occur in sensitive individuals.

Chronic Effects:

No known chronic health effects.

Carcinogenicity:

No components are listed as carcinogenic by OSHA, IARC, NTP, or other regulatory agencies.

12. ECOLOGICAL INFORMATION

Ecotoxicity:

No ecological toxicity data are available for this product. Based on its composition and intended consumer use, the product is not expected to present environmental hazards when used as directed.

Persistence and Degradability:

The treated polishing cloth is not biodegradable and may persist in the environment. Packaging materials may be recyclable depending on local recycling programs.

Bioaccumulative Potential:

Not expected to bioaccumulate.

Other Adverse Effects:

No other adverse environmental effects are known.

13. DISPOSAL CONSIDERATIONS

Dispose of used or unused polishing cloths in accordance with local, regional, and national regulations. Do not wash cloths prior to disposal. Packaging materials may be recyclable depending on local recycling programs. Dispose of packaging responsibly.

14. TRANSPORT INFORMATION

U.S. DOT:

Not regulated as a hazardous material.

UN Number:

Not assigned.

UN Proper Shipping Name:

Not regulated.

Transport Hazard Class(es):

Not applicable.

Packing Group:

Not applicable.

Environmental Hazards:

Not applicable.

Special Precautions for Transport:

No special precautions are required.

Harmonized Tariff Schedule (HS) Code:

6307.10.1090

15. REGULATORY INFORMATION

Product: #2017, Blitz Wipes

Page: 6

This product is not classified as hazardous under the OSHA Hazard Communication Standard (29 CFR 1910.1200).

This product does not contain chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm as of the date of preparation.

16. OTHER INFORMATION

Refer to the product label for instructions, cautions, and directions for use.

This Safety Data Sheet has been prepared based on the best information available at the time of preparation and is intended for consumer safety and regulatory reference.
